Enfield
High
School

Enfield, Connecticut

Preface

*"All the world's a stage and the men
and women merely players."*

Echo is a reflection of sound waves.

ECHO 1971 not only reflects the sound, but the light, of the transition that our class has made between our entrance into and our exit from Enfield High School. Put forth here is our change from novice performers to stars, but only in an amateur play. A different type of entrance now lies ahead—the entrance to a larger part of the stage—the future. As with mirrors at fun houses, reflections do become distorted. While reading ECHO 1971, relive this one act in the play of life.

A decorative border of yellow scrollwork and swirls frames the page, starting from the top left, curving around the right side, and ending at the bottom right.

Mrs. Elizabeth Mullen

Mrs. Mullen, you are truly an outstanding person. Your kindness and generosity has reached many members of the student body. In the classroom, you present your students with a challenge. Preparation for today as well as tomorrow is a characteristic which has become more relevant to us as our high school years draw to a close, and your help has enabled us to realize our importance in the future. As a member of the English Department, you were instrumental in making curriculum changes. Your search for new methods of teaching has sparked enthusiasm in many students.

But your interest in us goes beyond the classroom. We are indebted to you for your services as an advisor for Student Council and as past advisor for TICKER.

Through your years of hard work and effort, you have gained the respect and admiration of the entire school. With sincerest appreciation, we, the Class of 1971, dedicate our ECHO to you.

The First Day

Hmm, should I go in or go to the beach?

Wait a minute. I dropped my schedule!

Mr. Bromage's students were lucky enough to get their books on the first day.

First I go to D-3, then to 314, and then to the Music Room.

Up the Down Staircase!

I hope we can last another 180 days.

Janet Bednarz has a hard time adjusting to school hours.

Twenty-three more pictures and I'll be able to wallpaper my room.

Bob Krawic and Dennis Bellamy compare schedules.

But the bell didn't ring yet!

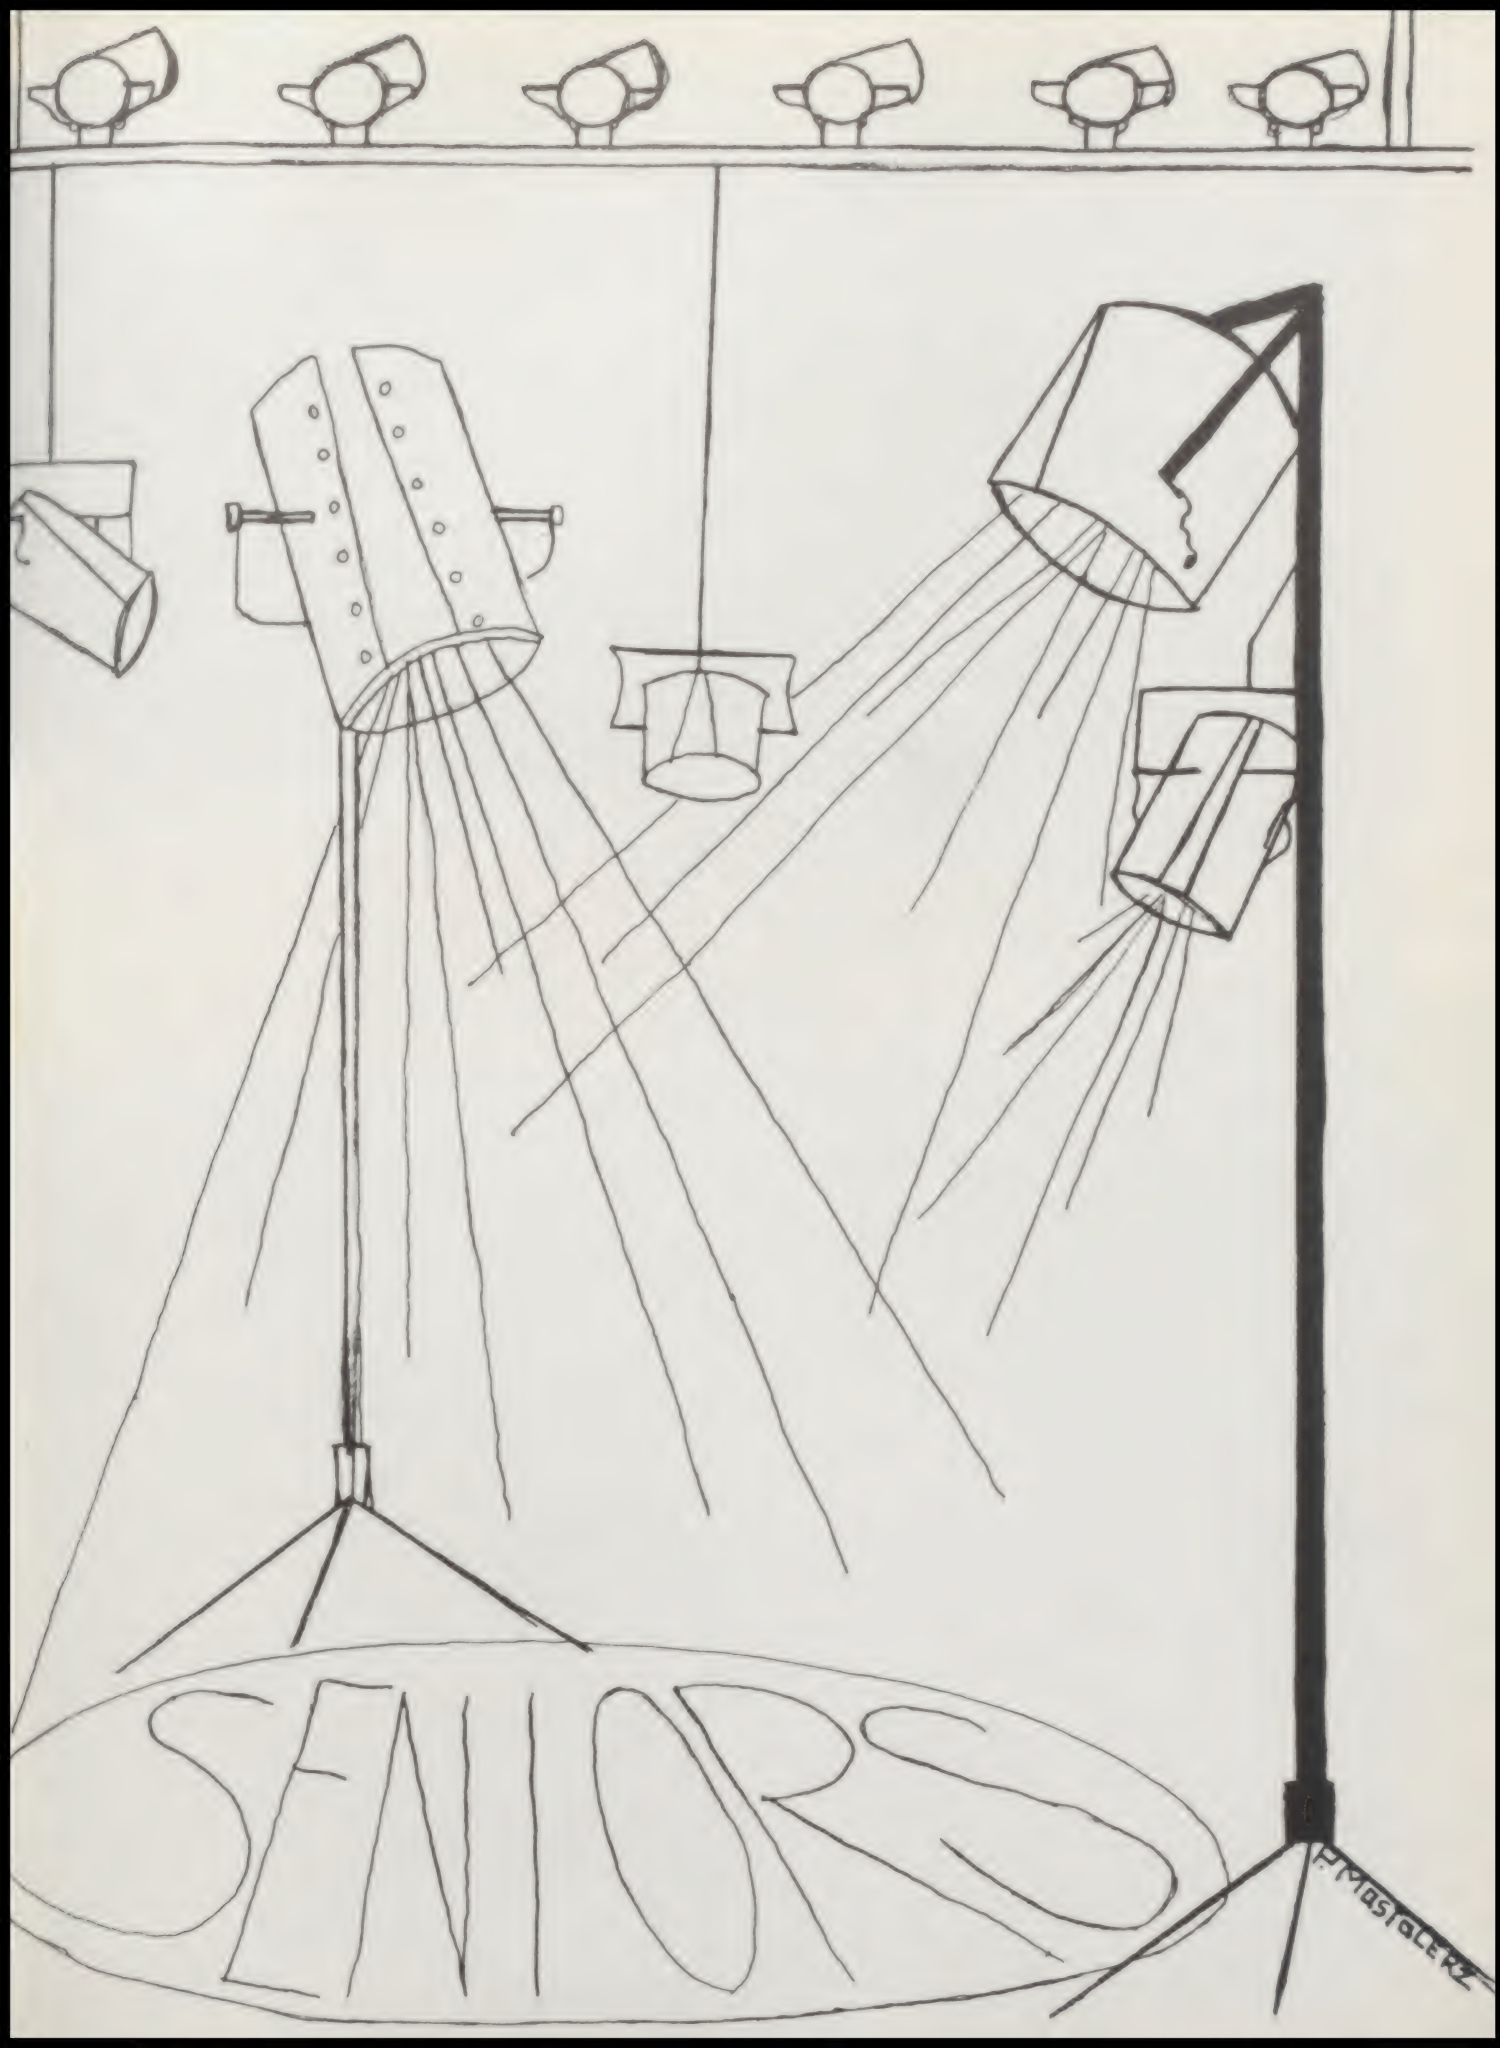

*Many are our joys in youth, but oh! what happiness to live
When every hour brings palpable access of knowledge,
when all knowledge is delight . . .*

Who says that students loiter in the lobby?

The EHS lockers seem to get smaller every year.

SENIOR CLASS OFFICERS. *Left to right:* John Kukulka, Vice-President; Linda Lumsden, Secretary; Judy Hall, Treasurer; and Fred Lauria, President.

PRESIDENT'S MESSAGE

As our high school years come to a climax, a curtain falls. This marks the end of the roles we played as students of Enfield High School. Behind this curtain remains only the memories of our high school years: the times of sadness, the times of laughter; the times of defeat, the times of victory; the times of hate, and the times of love.

Yet the curtain will rise again and the Class of '71 will assume new roles in life. What the future holds for us is not known. But what we do know is that we are prepared for its challenge. We thank all those who have helped in this preparation for now we can look into the future with greater confidence. When we accept our new roles in life, we will face them to the best of our ability even though life confronts us with many obstacles.

LIBRARY

Under the supervision of Mrs. Marie McGarry, the Enfield High School Library offers books, periodicals, audio-visual materials and pamphlets to help the student with special topics, papers and reports.

Also an extension of the classroom, the library is a place where students investigate and work on independent study programs. For further research, classes often utilize the library to broaden their knowledge of the world around them.

GUIDANCE

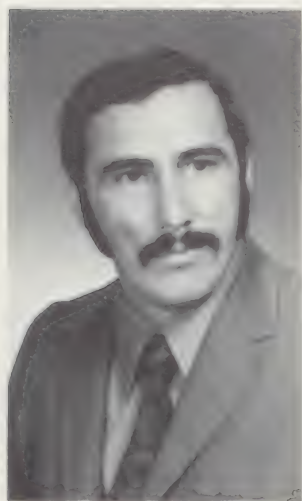

The services of the counseling staff are available to students, parents and teachers having a need for educational, vocational, social relations or personal counseling and information.

This year Mr. Richard Hellstein joined the guidance staff and assumed the responsibility as a counselor for seniors as well as underclassmen.

Beginning with the 1970-1971 school year, students had the opportunity to utilize the new guidance resource laboratory. Books, pamphlets, filmstrips, files, and catalogs for college and occupational planning; resource materials on the draft, military service, and drugs; and special equipment such as the college view-deck, SRA, occupational file, and film strip monitor are available in the guidance resource lab.

SOCIAL STUDIES LAB

The basic philosophy of the Lab is for learning to come alive through the hands of the students. This is a place of innovative learning. The students in the Lab learn to work with the teachers; they share ideas, and help each other with various projects. Students in the Lab also teach teachers and other students to use photographic equipment, tape recorders, and all types of technical aides. Working in the Social Studies Lab is a real learning experience.

SOCIAL SCIENCE DEPARTMENT

The Social Science Department has led the way in many curriculum innovations. They have advanced the method of independent study so that the student presentation is one of his own work.

Senior Seminar, offered on a pass-fail basis, enables the student to choose four different quarter-year topics. The program started as a three-day seminar last year and was actively and enthusiastically received by our class. Some areas of study being offered are: Environmental Studies, Criminology, Psychology, and Black Studies. Guest speakers are frequent visitors to the Seminar courses.

ENGLISH DEPARTMENT

Breaking the traditional method of teaching English Literature chronologically, the English Department this year has stressed the dilemmas of man versus himself, his environment, and society. Skills in composition, the interpretation of literature, and grammar are acquired in the basic curriculum. Individual interests may be cultivated in courses as diverse as Novel and Poetry, Argumentation and Debate, Journalism, Short Story and Drama, Speech and Communication, and Contemporary Novels.

Movies and field trips, such as the excursions to view *Hamlet* and *Macbeth*, are often utilized to supplement classroom material.

Today's business world requires knowledgeable skills, attitudes, and behavioral patterns. This year the Work-Experience Program, which places students in the local community for on the job training, has been expanded to include Office Occupations and Distributive Education. MATHEMATICS DEPARTMENT

The Enfield High School Mathematics Department faces the tremendous job of providing the fundamental background in math for the student. This is essential in enabling the student to function effectively and creatively in a society which is becoming increasingly technological.

The modern teaching methods utilized by the Mathematics Department have created a stimulating atmosphere which is also contemporary. Statistics, Analysis, and Calculus are among the challenging courses available to college bound students interested in math. Classes in Bookkeeping and Clerical Office Practices are designed to fit the needs of students planning on entering the business world.

Science is becoming increasingly important in our everyday world. The Science Department prepares the student for an essential background in the sciences through its vast facilities and wide range of courses. Physical Science II, Biology, Chemistry, Physics, and Advanced Biology are all offered to seniors.

Learning-through-doing is stressed in the Science Department with the students doing laboratory experiments and research papers. Independent study, involving a major research project and paper, is emphasized in Advanced Biology.

FOREIGN LANGUAGE DEPARTMENT

Students interested in foreign language, here at Enfield High, are able to take courses in French, Spanish, or Latin. Formal classroom instruction, as well as extensively used audio-visual aids, create an effective and contemporary atmosphere.

A major revision in the Spanish Department's curriculum is the use of the EBF program in place of the obsolescent ALM method. A greater emphasis is placed upon movie photography and the use of cue cards. The EBF program is superior to the old method in that it has a greater potential of reaching the entire range of students. A greater overall retention and comprehension rate are common results of this new method.

ART DEPARTMENT

Enfield High School has the advantage of having talented, creative art teachers and a very imaginative and instructive course of study. Students are provided with the basics as well as the more difficult concepts of art.

A new subject, introduced into the department this year, is Arts and Crafts. In this program students learn to work with clay, as well as using leather, string and weaving materials to create different projects.

We feel the Art Department in our high school has a well designed curriculum for learning and developing the talents of our students.

Play School

The Home Economics department offers modern facilities and teaching methods to prepare the student for the future. Girls acquire skills necessary for the managing of a home, cooking, sewing and child care. Family nutrition and home budgeting are emphasized. This year a program on separate clothing construction and a course on interior decorating were offered.

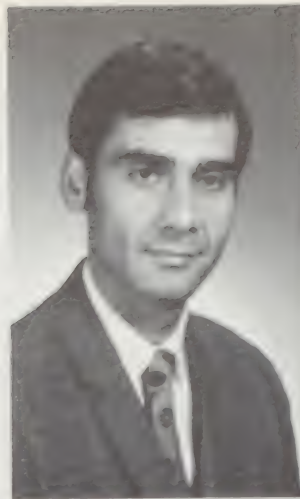

Family Living, offered to senior boys and girls, prepares each for their role in marriage. Child development is an important part of the course. Students participated in a Play School for two weeks, in which they cared for and taught pre-school children. The previewing and buying of an apartment or house were discussed. This course, on the whole, helps students understand the involvements of marriage, and how one can prepare for marriage.

MUSIC DEPARTMENT

Mr. Autorino, Mr. DeMaio, and Mr. Hawes are the music teachers for the year 1970-1971. The music department has become an attractive place for any student interested in instruments or vocal training. The courses range from general music, and the history of American and European music, to the chorus and marching band.

A new course which has become an important part of the music department is Electronic Music. The students are enthusiastic with an involvement in tapings and various activities.

The classes for vocal training have also become quite popular. Under the guidance of Mr. Autorino, the students are able to develop their singing voices. For the enjoyment of the students, songs are sung from every era, from classics to today's rock.

PHYSICAL EDUCATION DEPARTMENT

Physical Education Department plays an important role in today's high school. This year's instructors, Mrs. Bromage, Mr. Lamagna, Miss Pirog, and Mr. Skypeck have included into their already varied program, several new individual sports. These sports, such as tennis and golf, which take the emphasis off team competition, are aimed for long term enjoyment, proving the importance of physical fitness. An extension has been made, to the delight of the students, with co-educational sports. The gym classes are combined for square dancing, speedball, volleyball, and many other activities.

An already standard activity is intramural sports. This program is for any student who wants an opportunity to extend his athletic abilities out of class. Competition is provoked in individual and team activities, with rivalry between fellow students.

In the fall, when the play starts, our most able-bodied players engage in the ever popular sport of football. Always giving 100 percent of itself—win, lose, or tie—our team brought continual honor to our school.

Starting our second season in the CDC, we were narrowly defeated by the Norwich Free Academy Wildcats in the last quarter of our first game.

The Hornets from East Hartford flew home defeated from our second game. Handoffs, pitchouts, and passes from tri-captain Kevin Mayo to Joe Caruso and Steve Vesce brought both yardage and points. Caruso's efforts in these first two games enabled him to lead the league with 131 yards gained to that time.

The Raiders then lost five consecutive games including three to the three-way CDC leaders—New London,

Hartford Public, and New Britain.

The green-and-white entertained us to a gripping game at New Britain where they lost by only twelve points. A predominantly ground game, the New Britain match was centered about halfback Bob Scavotto. He had a tremendous day and picked up 176 yards in twenty-three carries including a fantastic 39-yard touchdown sprint. Determination twice spurred the Raiders on to score against the top-ranked Hurricanes. Scavotto was subsequently named the Hartford Times "Player of the Week." Said Coach Lamana, "I think he's an excellent college prospect."

In our last game, we battled Bulkeley to a 6-6 standstill. Mayo scored the tying TD and almost pulled out an Enfield win with a good pass. Unfortunately, time ran

out.

Although not heard about much, the front line deserves as much credit as the backs. Included in the line were tri-captains Steve Nadeau and Mike Pieper.

Also of notable mention were Juniors Rich Fenton, Garv Racine, and Walt Kukulka. Fenton was a consistent ground gainer and an excellent quarterback. Racine was the team's best kicker until sidelined with a leg injury. Kukulka saw double-duty as a back and as a replacement for Racine.

Coached by Mr. Joseph Lamana, the team was often forced to fall upon substitutes as we ended the season with a 1-6-1 record. The team was also very ably coached by Assistant Coaches John Skypeck, Robert Bromage, and Joel Arnold.

SOCCER 1970

Although the record of this year's soccer team was somewhat less than thrilling, individuals on the team were impressive and did promote team unity. John Kukulka, captain of the team, took part in more than half of the plays. He was equally versatile at heading the ball or dribbling it down the field.

Dennis Reynolds was also an outstanding player. His speed and kicking ability enabled him to steal the ball from many adversaries.

The climax of the season came with the final game which was against Weaver. The game was played on a rainy Friday before the stalwart and true soccer fans. Hopes looked dim for the Raiders for we had no wins in the season, while Weaver was previously undefeated with a 12-0 record. The Beavers quickly scored the first goal, but the Raiders, playing at 110 percent, forged ahead for one of the few times in the season. Weaver evened the score once more. The Big Green, however, not to be outdone, went into the lead again. This time, we stayed ahead for the remainder of the game. The final score was 5 to 3, a tremendous morale victory.

This fantastic game was the Class of 71's final contribution to EHS soccer, and, hopefully, the start of a winning streak to be continued by the Class of 72.

The female Raiders represented their school well, winding up their season with a winning 7-1-3. This

record breaking season is boasted to be the best in the area.

With so much of the team graduating this year, next year's team will have to be built from the ground up. Graduating team members are confident in the ability of next year's team and so leave them with a challenge—beat our 7-1-3 record!

row: Coach John Skypeck, Rich Fenton, Bill Landry, Dave Ziemnicki, Bob DaSilva, Pete White, Ray Mancuso, Manager Ron Schleicher, and Assistant Coach Robert Bromage.

The Varsity Basketball Team gained its first victory of the season by an 84-65 score over Pulaski of New Britain on the home court. The game was close for three quarters but the Raiders, led by Co-Captains Fred Lauria and Jay Tyler, prevailed. Though the season was a rough one the Raider team managed to add other victories to its record.

After the Pulaski game, Raiders rolled over East Hartford, 71-67. Enfield actually led by as much as fifteen going into the final quarter before flooding the floor with substitutes. The Big Green also added arch-rival Windsor Locks to its list of victims in a high spirited nail-biter at our home court by a score of 56-49. The high point of the season was a 65-64 upset over a highly regarded New Britain team. This game was no doubt Enfield's most satisfying victory.

The team was well balanced with skill, strength, quickness, determination, and hustle. Jay Tyler raised Enfield's score many times with his shooting ability. Strong rebounders on the team were Fred Lauria and Rod Trombley. Guards Steve Nadeau, Kevin Mayo, and Steve Vesce, were constantly on the move for Enfield.

Throughout the rough season the team spirit was sparked by self-determination, individual effort, and a sense of pride. Despite the team's record of 4-16, the Raiders were still the winning team in sportsmanship. As Co-Captain Fred Lauria remarked, "A team with pride and spirit is never a loser."

Coach Andrea Russo discusses game plan.

As the final buzzer sounded on February 25, eight seniors knew that they had just finished their last season with the Girls' Varsity Basketball Team. For Coach Andrea Russo and the girls it was a dream come true, one that had come after many long hours of hard work.

The girls were proud to announce their record, wrapping the season up with a 12-0 regular season record and an overall record of 14-0. Although they are not in a league, this impressive record surpasses that of any team in the area. Thus the girls have rightly earned the title of Champions.

A vote, by the girls, after the final game resulted in a unanimous decision for M.V.P. award. Guard Joan Chambers received this well deserved honor by scoring 113 points in one season and being effective defensively as well as offensively.

For six of the girls it was their 3rd season with the team and the undefeated mark came as the icing on the cake. Third year veterans Linda Anderson, Donna Liucci, Deb Wilson, Mariette Zucchi, Joan Chambers, and Barb Kilty along with second year starter Barb Rostek and first year player Sharon Kelly combined skill with experience and came out on top!

The Wrestling Team, coached by Mr. William Teed, did comparatively better than the rest of Enfield's teams this past year. The Wrestling Team ended the season with a 3-7 record overall. The wrestling Raiders posted a 1-5 CDC record. The most impressive season's win occurred early in the season here at Enfield against Manchester. The final score was 31-19.

Leading the team were dynamic and determined Co-Captains Steve Cyr and Erick Loos. They posted individual records of 7-0 and 5-4 respectively. Also, Steve Cyr had the fastest pin—a speedy 34 seconds.

The results of full season determination and effort on the part of two wrestlers paid off. Senior Steve Cyr and Junior Jerry Sullivan were winners in the Northwestern Sectional Wrestling Tournament. Steve performed very well in the 108 pound weight class. A loss in the semi-finals to the champion, however, placed him 4th. Jerry won three of his four matches. This made it possible for both wrestlers to go to the CIAC State Championships.

Wrestler-Manager Mike Bean aided the team tremendously as he inspired the members of the team. Senior team members included Daryll Mortensen, Tim Muchmore, Dan Gegenheimer, John Kalaus and Steve Grob.

Coach Richard McCarthy

The Enfield High Hockey Team, although not a winning team, played enthusiastically this past season. Our hard checking stick swingers never went down without putting up a good fight. Coached by Mr. Richard McCarthy, the Raiders closed the season with a record of one win and eight losses.

Captain Bill Ragno and Co-Captain Ray Duzik were the main standouts on the team. This pair led the team in almost every category. Leading the team on defense were Steve Piorek and Tom Ragon. Adding muscle to the front line was Marc McDougal.

Determination and hustle were evident as a team effort and individual effort, especially on the part of Terry McKinstry. At all times a strive for victory filled the air, and Raiders Paul Polek, Tom Moore, John McCormack and Kent Morse added to the atmosphere of determination.

Highlighting the season was a 5-3 comeback victory over Hall High. Hall High had defeated the Raiders earlier in the season 9-0. But the second time around, the Raiders came through filled with energy and aiming to win, which they did—proudly!

Class Historian Donna Stefano

CLASS HISTORY

History can be interpreted as a philosophy of life. It offers the opportunities for understanding the past, living with the present, and dealing with the future. An individual can change himself, but the improvement of society takes more than just the acts of one woman or one man; just as the success of our class lies in all of us.

Remember our sophomore year? The response of this class establishing an identity was humiliating and degrading—our failure caused by the fact that the majority of us didn't care.

Like the sun slowly rising in the early morning sky, we as juniors began to work for the success of our class, not just for ourselves. Examples of our group effort during our junior and senior years were: the car wash, the candy drive, the paper drive, Getting Together Dance, the Junior Prom, and the Senior Prom.

The success of our class in the junior and senior years was due to the fact that we all got involved in a small society within a larger one. Whether activities were sponsored by the class or the school, you and fellow members as individuals made the Class of 71 great, because you all joined hands and participated. It is not important what activity you were involved in, but the fact you got involved. Since we have shown our capabilities for functioning cooperatively and achieving our goals in one institution of society, we are now ready to attempt the responsibilities of society as a whole.

I apologize to those of you who feel that your activity should be mentioned individually and those individuals who feel offended for not having your names mentioned. However, I cannot justify my mentioning all of you and the work you did for the class. Only you and fellow members know how much time and effort, sweat and tears were put into accomplishing your goals. The appreciation and recognition, the pride and fulfillment of yourselves and success of your activity reflect the good of the class; and can only be truly appreciated by you and fellow members.

All of you did something, whether it was participation in school or representing the class in the eyes of the public.

Shakespeare once said:

"All the world is a stage,
And all men and women merely players
They have their exits and entrances,
And one man in his time plays many parts!"

All of us in high school played many parts: the student, the part-time worker, the car owner, the boyfriend or girlfriend, the son or daughter, active member of an activity, the friend, and the classmate. As alumni we shall play new parts—the citizen, the employee, the husband or wife, the soldier, or the college student.

Every man and woman will have personal success and failure, but the success in our improving man's quality of life can be determined by whether or not we keep working together, not only for the success of the Class of 71, but for the success of society.

May you all find love, peace and happiness.

Mr. Thomas Ouellette, Advisor

Once upon a time in the quiet little town of Enfield there was a peaceful little school.

This school was appropriately called Enfield High and

was the home of an Indian tribe.

One sunny September day in 1970, the town was invaded by 708 screaming, noisy, spirited Indians.

They began to swarm across the green fields (after morning tribal sessions) running, jumping, and playing all the traditional Indian games. Some were trying to kick a ball into a net,

while others matched their strength against others for the sacred prize: a piece of pigskin.

The maidens of the tribe were busy clubbing a ball around with crooked sticks.

All the Indians were encouraged by everyone, but a few maidens were the loudest in the tribe. They could be heard yelling and chanting all the Indian cheers.

Then one day the land was covered by a white blanket. The Indians were forced to play other games. The braves began to try to put a ball through a net.

Not to be outdone, the young maidens did this also.

The young braves saw what was going on and began to practice for the day when they could fill the moccasins of their big brothers. Other braves put on funny head dresses and threw each other across some pads they had put on the ground.

Still other braves tried to put a heavy, flat rock into a net by putting on sharp feet and gliding across the great hard water.

The town of Enfield didn't mind these games, though. The settlers knew that the Indians' games were rough and that there would be other rougher contests come spring.

They knew that they would miss each one of those 708 Indians when they left in June of 71 for other campsites. Why did the people like this Indian tribe so well?

Because they were a tribe of

The tribe of Raiders was the most spirited and friendly tribe ever to set up teepees on Enfield soil and that made everything all right!

We're neater at McDonald's[®]

Inside and outside, cleanliness counts at McDonald's! Take our stainless steel gear, for instance! First we shine it. Then we shine it again. Our boys never stand still. They're forever mirror-polishing our equipment. You can see **everything** here. And everything you see is **clean**, and neat as a pin! That's one reason why we say: Please Help Us!

McDonald's[®] is your kind of place.
